OSWEGO

Venue 5126 is a venue like no other in the Chicago suburbs. With our 7 acre property overlooking 300 acres of farmland, you won't find this kind of midwest beauty and privacy anywhere else.

With our wedding coordinator, in-house florist, stylist, and DJ, our team offers all you need to make your dream wedding a reality, while taking off the pressure and stresses of wedding planning. We are here with you every step of the way to ensure you can relax and enjoy your engagement!

Venue 5126 offers three ceremony locations while only booking one wedding a day so we can focus solely on you. We have 2

outdoor locations, The Pergola and The Field and one indoor location, The Barn, that offers an indoor/outdoor experience.

After your ceremony you and your guests will enjoy cocktail hour in the barn, and then move into our attached 3-peak tent for dinner. After dinner you will dance the night away with your friends and family back in the barn and soak up the last moments of your special day.
